whatever design that [00:09:30] they're doing, Hey, that would be great too. And we have other products that we use from PTC that aren't just the generative but the whole suite of design tools that we're using.

Paul: Yeah, and I think it's something like this, when you think about construction and engineering, I mean, they typically tend to be risk-adverse industries because

Kelly Bryant: Thank you, Paul.

Christopher Gro...: Thank you Paul
